

# Legacy Intention Form

Receiving an unexpected legacy is a wonderful surprise for the School. However, to enable Gresham's to plan for the long term it is a great help if we know who wishes to give. Letting us know does not mean that you are making a binding commitment. We realise that your situation may change and you may wish to alter your gift. By letting us know we can thank you in your lifetime and welcome you into the Sir John Gresham Society and its programme of events for benefactors.

If you do plan to leave a legacy to Gresham's, it would be greatly appreciated if you could complete the following sections as appropriate and return this form to the Development Office at the address below.
